

**DETERMINE WHAT EACH PICTURE REPRESENTS IN ORDER TO
MAKE THE EQUATION A TRUE STATEMENT.**

$$\text{Game Controller} + \text{Popcorn} + \text{Game Controller} = -7$$

$$\text{Red Sneaker} - \text{Red Sneaker} + \text{Popcorn} = -3$$

$$\text{Game Controller} + \text{Red Sneaker} + \text{Red Sneaker} = 8$$

USE THE NUMBERS 8, 6, 3, AND 1 TO FIND THE SUM CLOSEST TO 1.

$$\begin{array}{r} + \\ \cdot \quad \square \quad \square \\ \cdot \quad \square \quad \square \\ \hline \end{array}$$

DETERMINE THE MISSING NUMBER SO THAT EVERY ROW AND COLUMN HAS A SUM OF -8.

-10	3		-16	10
	-1	-6	-5	
3	4	-3		-13
-2	-4		2	0
-11		0	10
